OUR STORY

PAKCHOOB FACTORY

We are a family with about more than 50 thousand members: it's been almost 27 years since the family have been formed in 1997, in Susa, Iran. We are also pioneer in producing MDF-HDF and impregnated paper production, and have been face a constant progress on our way. At the moment, there are 5 manufacturing plant; in addition to official representatives in the whole country.

We have a myriad of sale offices in Tehran, the capital city of Iran in addition to the head office situated in the metropolis of Ahvaz. Our success stems from the culture, smart managers and experts as well as outstanding customers who have always been supportive.

About the background, we could turn a 40-meter manufacturing plant to the greatest Melamine, High-glass, Post forming work tops and Impregnated paper producer in the area, we also could take the customers' expectations to higher level through high-quality products and our talented experts consult about variety of designs and colors.

Working in this field ,representing our superiority in terms of quality, our priority at the moment is the current demands of the market, in particular the needs of our customers in every single region of the country; consequently, they can opt the products of wide range with various design from wood, stone, colorful and fancy designs.

Using the most advanced machines and the latest technology in the world, we have been able to produce high-quality products; in term of quality control, our experts constantly supervise all sections of production process, research and after-sale service support using standardized processes.

We believe Pak Choob "along the nature" is not just a slogan. Planting one million eucalyptus seedling in a 600-hectare area, and distributing more than 200 seedlings among people reveals we are men of action. All have been done in line with our environmental protection goals and policies, and it has always been our main concern.

We are an actual family and don't differentiate

between colleagues, customers and providers as every single relation is crucial to us. Sustainable partnerships can only be achieved through the feel of equality; in addition, quality and service are keywords which can be obtained just through collaborating at all levels and, in a long run, this can lead to the sense of secure and trust. This is a mutual way, giving someone trust; expect loyalty, honesty and commitment in return.

Individuality makes no sense in PaK Choob family; team working is a vital key. We are not afraid of changes, in fact we welcome and accept it as a challenge a head. Our organizational culture has been based on honesty, loyalty and transparency.
